

Nursery Summary (23rd to 27th of March)

This week in Literacy, we have been practising the sound 'z'. The children have completed several pencil control sheets and activities containing the letter 'z'. We have also been going over sounds and CVC letters.

In Maths we have been writing and counting to 20. We have done several counting activities up to 20 also, ranging from dot to dots, counting animals and filling in the missing numbers.

Our focused activity this week has been all about mini beasts. We have watched mini beast videos. We have also completed mini beast activities such as finish the mini beast pattern and counting the mini beasts. The children have also been drawing lovely mini beast pictures, writing the names underneath their drawing.

Next Week

I will be assessing the children through Literacy and Maths activities. There will be activities, going over what we have learnt this term, such as shapes, numbers, long and short. In Literacy we will be going over all the sounds and CVC words.
