Summary

This week we have revised previously learnt concepts before moving on to new material in both literacy and numeracy. We have provided activities with recognition of letters and sounds, letter formation, blending sounds, recognition of CVC words and basic word formation. In numeracy we have revised numbers and we have also done counting, adding, 2D shapes and measuring activities.

We have provided activities to do P.E at home, in your living room and we have also had story time and songs.

I would like to give a special mention to Victor as he is 5 today! Happy birthday Victor and we will celebrate when we return to school.

Next week we will be looking at tricky words and CVC words and in numeracy we will carry on working with addition of single digit numbers.
