

### **Nursery Summary (30th to 3<sup>rd</sup> of April)**

I have been assessing the children throughout the week with various Literacy and Maths activities.

Our focused activity this week has been about mini beasts. Some children completed 'The Hungry Caterpillar' sequence sheet after listening to the story. They have also coloured some lovely butterflies and caterpillars. Some children participated in a cutting and sticking activity, making a caterpillar and colouring it.

We have also been listening to fun songs, such as 'The Rainbow' song and 'It's Warm up time'.

### **Next week**

We will be doing lots of Easter activities. I will also be showing you in our Zoom lesson, how to make an Easter basket.
