

### **Nursery Summary (4<sup>th</sup> to 8th of May)**

I have been doing individual assessments with the children in Literacy this week.

In Maths we have been learning that adding is increasing a set by a given number, counting on one. We have done different worksheets throughout the week.

Our focused activity continues with 'Under the Sea'. The children have coloured a large seahorse. They have also coloured a fish, turtle, dolphin and sting ray mask.

### **Next Week**

We will be learning the 'v' sound in Literacy. In Maths we will be learning about that numbers identify how many objects are in a set.
